

Sensory STORY TIME

Sensory Storytime is an interactive event that can be enjoyed by all children, but is especially designed for children with Sensory Processing Disorder, Autism & other special needs.

It combines a book, songs, movement, and activities to engage all five senses in learning.

Sensory-friendly aspects include accommodations for seating, lighting, sound, story props / other sensory manipulatives & small group size.

This Sensory Storytime event will last approximately 30-45 minutes. If your child has difficulty sitting through a traditional storytime, this inclusive program of stories, songs and activities may be just what you are looking for!

Who: Any child ages 4 to 8 years old can attend with a parent/caregiver

Where: Norman Public Library, 225 N. Webster, Norman, OK, 73069

When: 10:00 am on Friday, May 30, 2014

Pre-Registration Required: A small group is part of what makes Sensory Storytime effective and engaging for the children participating. Registration is limited to 10 children. Please pre-register for this storytime event online at <http://bit.ly/1l3upGa>.

The event is FREE and is being provided by Speech-Language Pathologists from the J.D. McCarty Center as part of Better Hearing & Speech Month. www.idmc.org
